SWEEPING REPUBLICAN VICTORY--HOORAY!

**Crushing Rebuttal to Altgeldism and Repudiation--
307 Electoral Votes for McKinley--Connolly
Goes Back to Congress--Story of the
Landslide in Detail.**

NEW YORK.

New York, Nov. 3.—McKinley and Hobart have made a clean sweep of the Empire state. The democratic plurality of 45,000 in 1892 was reversed and the unprecedented plurality of 284,000 has been rolled up for the republicans. Tammany's enormous majority in this city has been overcome and this stronghold of the democracy has given a plurality of 21,000 for McKinley.

In Brooklyn McKinley's plurality is 23,000. In the state outside of the two cities he has a plurality of 234,000. In every county and every town there have been republican gains which are equal to all that republican campaign managers claimed in this state. Frank S. Black, the republican candidate for governor, is elected by about 240,000. Timothy L. Woodruff, rep., for lieutenant governor, is elected by about 240,000. Timothy L. Woodruff, rep., for judge of the court of appeals, re-elected by nearly as large a plurality. The republicans have elected twenty-eight republican congressmen to the democratic six. They will have about 110 out of the 150 members of the state assembly and the election of a republican to succeed David B. Hill in the United States senate is assured. About the only salvation from the wreck that the democrats have secured is the election of Selzer, Cummings, McCellan, Bradley and Veale to congress from this city.

New York—There are 1392 election districts in this city, 629 in Brooklyn and 3853 outside New York and Brooklyn. Chairman Packard of the republican state committee has just returned from Utica where he voted. He says:

McKinley has undoubtedly carried the state by 200,000 plurality.

Returns received by the United Associated Presses up to 7:15 p. m. indicate that McKinley has carried the state by upwards of 275,000 plurality.

Eighty election districts out of 1392 in this city give Black 6847; Porter, 7288; Griffin, 136.

Three hundred and ten election districts out of 1392 in this city give McKinley 31,005; Bryan, 25,190; Palmer 1132.

One hundred and fifty-two districts outside of New York and Brooklyn give McKinley 27,636; Bryan, 18,770; Palmer 148. The same districts in 1892 gave Harrison, 22,031; Cleveland, 18,895.

One hundred and thirty districts outside of New York and Brooklyn give McKinley 24,652; Bryan 15,180; Palmer 96.

Same in 1892 gave Harrison, 19,800; Cleveland, 16,494.

Two hundred and thirty election districts out of 1392 in this city give McKinley 22,798; Bryan 19,036; Palmer 847.

Brooklyn—Twenty districts out of 629 in this city give McKinley 1980; Bryan, 2786; Palmer 456.

Brooklyn—Returns now in show that McKinley has carried the city by over 4000, and the county by about 7000.

New York—Thirty election districts out of 1392 in this city give McKinley 2629; Bryan, 6119; Palmer 182.

New York—Ninety-one districts outside of New York and Brooklyn give Black 17,465; Porter 13,484; Griffin, one.

Same districts in 1892 gave Morton, 16,142; Hill, 11,798.

Brooklyn—This city complete gives McKinley 1283; Bryan 1223, a republican gain of 197 over the result in 1892.

New York—Thirty election districts out of 1392 in this city give McKinley 2585; Bryan, 207; Palmer 94.

Brooklyn—All but two wards complete indicate that McKinley has carried the city by 7000, a republican gain of 5500 over 1892.

that if the reports they are now receiving continue, McKinley's plurality in New York state will be 300,000 or more.

Albany—Albany gives McKinley 265 majority. Indications point to the republicans carrying the county by at least 5000. Southwick, rep., is re-elected to congress. Buffalo—In Erie county, twenty districts out of 146 give McKinley 4867; Bryan, 8683; Palmer 153.

Gloversville—Littauer, rep., is elected to congress in the Twenty-second district. New York Tribune says democrats concede Kentucky to McKinley.

OHIO.

Emmence precinct, give McKinley 246; Bryan 191, a big republican gain. Eight of twelve precincts in Boyle county show net republican of 123.

Ohio—Except Hamilton and Cuyahoga counties will be compared with 1892, when Harrison's plurality was 1072. Hamilton and Cuyahoga counties will be compared with 1895, when republican pluralities were as follows:

Hamilton, 111,667; Cuyahoga, 107,778, the boundaries of several districts in these counties have been changed since 1892.

There are 2947 voting places in the state. Hamilton county has 267, Cuyahoga 255. Cincinnati—Ohio, except Hamilton and Cuyahoga counties will be compared with 1892, when Harrison's plurality was 1072. Hamilton and Cuyahoga counties will be compared with 1895. This is made necessary on account of re-districting.

Cincinnati—Thirty-one city precincts give McKinley 3743, Bryan 3403, a republican gain of 40 in each precinct. Indianapolis—Hamilton county for the republican ticket by majorities ranging from 15,000 to 25,000.

Cincinnati—Hamilton county seventy precincts, McKinley 14,068; Bryan, 10,693. Twenty-one precincts city of Toledo McKinley, 4180; Bryan, 3343. Indications are that the county will give republican plurality of 8530.

Cincinnati, O., Nov. 3.—One hundred and fifteen precincts outside of Hamilton and Cuyahoga counties: McKinley 22,070, Bryan, 17,055; Palmer, 79; Levering, 138.

Cincinnati, O., Nov. 3.—Hamilton county—230 precincts: McKinley, 49,392; Bryan, 38,811; same in '95 gave Bushnell 39,689; Campbell 50,018.

Ontario, O., Nov. 3.—Gov. Levi P. Morton wires: "At 9 o'clock from returns received I feel warranted in extending my heartiest congratulations on your triumphant election to the presidency of the United States. New York state ratifies the verdict by giving you a plurality of at least a quarter of a million."

Columbus, O., Nov. 3.—Columbus city usually democratic gives McKinley about 4000 plurality. Lantz free silver for congress and entire democratic county ticket is defeated.

Chicago—Twenty precincts in Illinois outside Cook county give McKinley 3421; Bryan 2046; Palmer, 47. Same precincts in 1892 give Harrison 2880; Cleveland, 2041.

Forty precincts give McKinley 8549; Bryan, 4,749; Levering, 33; Palmer, 82.

Chicago—One hundred and fifty precincts in Illinois, outside of Cook county give McKinley 310,082; Bryan, 242,053; Palmer, 280.

Nine hundred and twenty out of 921 in Chicago give McKinley 192,854; Bryan, 129,530; Palmer, 1795.

Chicago—Returns from 30 election precincts in Cook county on head of ticket give McKinley a majority over Bryan of 650 votes, a net republican gain of 478 over the vote of 1892. Tanner will fall a few votes behind. A heavy vote polled here.

county show a heavy democratic gain. The count in Detroit will be slow owing to the number of split ballots cast.
Detroit—Forty-five precincts out of 1708 outside of Detroit give McKinley 6473; Bryan 5117; Palmer, 177; Levering, 335. For governor, Pingree, 4584; Sligh 4097.
Detroit—The Detroit Tribune which had been supporting Bryan concedes McKinley's election.

Detroit—The republican state central committee claim the state by between 50,000 and 100,000 plurality and that republicans will be elected in all congressional districts except the third and tenth. The democratic committee dispute these claims and say Bryan will carry the state by a small plurality.

Grand Rapids—William Alden Smith, rep., re-elected to congress from Fifth district.

Detroit, Mich., Nov. 3.—Returns from this city and state are coming in slowly. The delay in Detroit is caused by the counting of the city ticket first and it will be very late before definite figures can be given. Bryan is running ahead of the state ticket in Detroit. Pingree (rep) candidate for governor is running ahead of McKinley in this city, but is running behind in the state. The indications are that McKinley will carry Detroit and Wayne county by a small plurality. The returns from the state show large democratic gains. The republicans claim ten out of twelve congressmen and say they have a fighting chance to capture the third and tenth districts which would give them the solid delegation. They claim the state by 50,000 to 100,000. The democrats claim that the republicans have no figures on which to base their claims and say that returns from county committee show large democratic gains.

NEBRASKA.

Lincoln, Neb. Nov. 3.—Chairman Dahlgren of the democratic state central committee, has sent a message to Mr. Bryan saying that he has carried Nebraska by 16,000 and that the indications point to the election of the entire state ticket.

Omaha, —365 precincts, including 80 in Douglas county give Bryan 41,608, and McKinley 40,573. At this rate of increase Bryan will have probably 10,000 majority in the state.

Lincoln, Neb.—118 precincts outside of Lincoln and Omaha, show a net gain for Bryan of 1,060.

New York Herald says Nebraska conceded to McKinley by 1250.

Lincoln—Returns up to 9 p. m. show that Bryan is making slight gains over 1894 when fusion conditions were the same. The vote of the city of Beatrice gives him a net gain of 119. If this is maintained he has carried the state.

Lincoln—Bryan's home precinct gives McKinley 197, Bryan, 101; scattering, 17. Count of ward is incomplete, but at about the same ratio. Careful estimates of city of Lincoln indicates plurality for McKinley of 1700.

MAINE.

Portland, —Six wards in this state give McKinley 1640 plurality.

Bath—McKinley carried this city receiving 1234 votes Bryan, 472. McKinley also carried Sewall's ward by the following vote: McKinley, 167; Bryan, 68.

Lewiston.—This city gives McKinley 792 plurality out of a vote of 3007. This city went democratic in 1892 by 34 majority.

Portland—Reports from fifty towns show gain over 1892 of 5501.

New York Herald bulletin reports Maine goes 50,000 republican.

New York Tribune bulletin says McKinley has carried Maine by 50,000.

Portland—One hundred and thirty towns give McKinley 36,465; Bryan, 14,357; scattering, 2234.

Same in 1892 Harrison, 28,758; Cleveland, 21,763; scattering, 2287.
McKinley's plurality, 22,102, against Harrison's, 6933; gain, 15,169. This indicates about the same plurality as in September.

MASSACHUSETTS.

Boston—Thirty-two out of 191 precincts in Boston give Bryan 4408; McKinley 9633; Palmer, 538.

Boston—Thirty-two precincts in Boston: McKinley 9374; Bryan 4408; Palmer, 538.

Boston—Forty-two out of 118 precincts give Bryan 6323; McKinley, 12,112; Palmer 64.

New York.—A Herald bulletin says: "Seventeen towns in Massachusetts give

McKinley 5964; Bryan, 1207. McKinley's plurality 4757.

Boston—A Journal bulletin says McKinley has carried Massachusetts by over 100,000 plurality.

Boston—Thirty towns in Massachusetts show republican gain over 1892 of 5,202. Massachusetts state will go republican by 99,000 if same ratio maintains.

ARKANSAS.

Little Rock, Ark., Nov. 3.—As far as learned up to a late hour tonight the election passed off quietly in this state. Reports from the interior indicated that a fair vote was polled while a slight decrease is reported from the cities. The three populist electors on the democratic populist fusion ticket headed by General Master Workman Sovereign of the Knights of Labor, were badly scratched in this and other cities of the state.

Chairman Cooper of the republican state central committee concedes Bryan's majority at 45,000 while the democratic committee says it will reach 60,000.

The election of the entire democratic congressional ticket is also conceded by Chairman Cooper.

IOWA.

Des Moines, Ia., Nov. 3.—Returns to 9:40 p. m., are chiefly from rural precincts. They indicate uniform and great republican gains. The republican state committee now claims the state by 100,000 and the democrats still refuse to make a statement, declaring that returns are not sufficiently complete. They admit, however, that the situation is against them. Indications from returns are that the republicans elect all the eleven Iowa congressmen. The Palmer vote in the state is very light, sound money democrats having almost all voted for McKinley.

Chicago—Secretary Traynor of the republican state committee of Iowa, wires: "We certainly have carried the state by 80,000 plurality and elected the whole eleven congressmen."

Des Moines—The vote in Iowa will be far the largest ever known. Reports to the state committee to 6 o'clock indicate that the republican party workers are claiming great gains all over the state, while the democrats insist that the count will give them the state.

Des Moines—Register, republican, claims that Iowa will give McKinley over 50,000 plurality and elect an entire republican congressional delegation.

MISSOURI.

St. Louis, Nov. 3.—Meagre returns have been received at democratic state headquarters at 9:40 o'clock. Chairman Cook of the democratic state committee claims by Bryan carries Missouri by 40,000 and concedes that Stevens will not have more than 25,000 majority. Up to the present time not a precinct in St. Louis has been reported at police headquarters and from the complicated count on the ballots it will be very late before a calculation can be made with certainty on the result of the election in the city. Conservative estimates, however, give St. Louis to the republicans by at least 25,000 majority. Hunt, (dem.) undoubtedly wins over Joyce in the Eleventh congressional district. Pearson (rep) is elected in the Eleventh congressional district and Bartholdt is re-elected in the Tenth district.

In the Eighth district Richard P. Bland is elected by nearly 4000 majority.

SOUTH DAKOTA.

Yankton, S. D., Nov. 3.—Returns are slow. Chairman Elliot of the republican committee, is sanguine that his estimate of 6000 for McKinley will be low. It all depends upon the county precincts. The towns all give McKinley good majorities, but the country is liable to reduce the majority to 5000. The ballots are so badly scratched that the count cannot be completed before morning.

WISCONSIN.

Milwaukee, Wis., Nov. 3.—The indications at 10 o'clock are that McKinley will carry Wisconsin by at least 50,000 majority. The returns from 300 precincts show a net republican gain of 2108. The city of Milwaukee will probably give McKinley a small majority. It will be a close race between Otjen, republican, for congress and Schilling, fusion, with the chances in favor of the latter. The fusion state ticket is running about 2 per cent ahead of Bryan but there seems to be no chance for its success.

MONTANA.

Butte, Mont., Nov. 3.—Twelve precincts

in Butte give Bryan 2088, McKinley, 812. Returns from state very meagre, but indicate a smaller majority for Bryan than expected. He will carry the state by 16,000. Charles D. Hartman is re-elected to Congress over O. F. Goodard, republican by probably 10,000. Robert Smith, fusion candidate for governor, elected by 10,000 and indications are that nearly the entire fusion ticket is elected by majorities ranging from 2000 to 10,000. The next legislature will be democratic and populist.

MARYLAND.

Baltimore—Returns from the city precincts are coming in slowly but indicate a large republican vote. Because of recent re-districting it is impossible to make comparisons until a ward is complete. Ten scattering precincts in the city give McKinley 1720; Bryan, 1024.

The republican majority in Baltimore will be 16,000 and in Maryland about 10,000. New York Tribune says democrats concede Maryland by 20,000.

Baltimore—Chairman Harry Wells Ryck of the democratic state central committee concedes Baltimore city to the republicans by 15,000.

CONNECTICUT.

Hartford—The Post and Courant claim Connecticut by 50,000 majority for McKinley.

Hartford—Connecticut elects all four republican congressmen.

Hartford—Fifty-one towns out of 168 in the state give McKinley a plurality of 1965. Same in 1892 gave Harrison 1408.

Same give Cooke, republican for governor a clean majority of 7711 against a majority of 3134 two years ago.

Same show plurality for republican congressmen about double those of 1894.

CALIFORNIA.

San Francisco, Nov. 3.—Fine weather throughout the state brought out heavy vote. The voting progressed quietly and no disturbance of any kind have been reported. Up to 9:30 tonight, only meagre and scattering returns have been received from interior points. In San Francisco where count is proceeding very slow, the returns indicate that McKinley leads. Sherman McLaughlin of the republican state committee declines to give any estimate of the vote but he believes that McKinley will carry the state. On the other hand Chairman

Alford of the democratic state committee claims the state for Bryan by a safe majority. Both sides maintain that they will elect a majority of the congressional candidates and also secure the next legislature on joint ballot.

MINNESOTA.

St. Paul—Seven precincts from scattered points in seven congressional districts give McKinley 793; Bryan 423.

Minnesota—Fifteen precincts give McKinley 2087; Bryan, 1091.

St. Paul, Minn., Nov. 3.—Late figures continue to show uniform gains for McKinley and there is no doubt but that he has carried Minnesota by at least 48,000. Lind, the populist candidate for governor, has made a surprising run and it may be found that he will be elected. The republicans have certainly elected their congressmen in the first six districts. The seventh district is in doubt with the chances rather in favor of Lommen, populist. The legislature is overwhelmingly republican.

IN MISSOURI.

St. Louis, Nov. 3.—Chairman Cook of democratic state committee, claims Missouri for Bryan by 35,000 majority. Stevens (dem) for governor, will have majority of 20,000.

Only half dozen precincts in St. Louis reported so far, but republicans carry city by at least 15,000.

PENNSYLVANIA.

Philadelphia, Nov. 3.—Returns from Pennsylvania counties are coming in very slowly but indications from figures received indicate a plurality in the state for McKinley by nearly 300,000. The twenty-one congressional districts heard from show the election of twenty republicans and one democrat. With the two congressmen at large this gives the republicans twenty two congressmen certain with chances even for them in most of the remaining eight districts.

NEW YORK.

New York, Nov. 3.—New York city with 11 districts missing gives McKinley 153,098. Bryan 138,783. McKinley's plurality 19,365. The total vote in the city for governor was. Black, (rep) 144,816. Porter, (dem) 137,646. Griffin, 75,890. Black's plurality, 6,870.

NEBRASKA.

Lincoln, Neb., Nov. 3.—Out of the apparent republican avalanche in neighboring states, Nebraska has seemingly remained true to her favored son.

Mr. Bryan has, on the face of scattering returns carried the state by from 6000 to 12,000. Chairman Post of the republican committee, declines to concede defeat, but the figures disprove his claims. Unless surprising republican gains are made in back counties the fusion electoral as well as the state ticket has gained the day.

Three hundred and twenty six precincts outside Douglas and Lancaster counties: McKinley 36,816; Bryan, 27,636.

TENNESSEE.

Chicago—Chairman E. B. Stabimen of the republican state committeeman of Tennessee telegraphs headquarters: "Heaviest vote ever known in this state. My advice from all parts of state are that McKinley will carry Tennessee by 20,000 plurality."

Chattanooga—Vote here 900 greater than '92. Indications that city for McKinley by over 500.

Tennessee has gone republican by 20,000; Massachusetts by 100,000 and Ohio will give McKinley the biggest plurality ever given in that state.

KANSAS.

Topoka, Kans., Nov. 3.—There being eight long tickets on the Australian ballot the count in Kansas is slow. Returns from scattering precincts in twenty counties show republicans gains. Chairman Simpson of the republican state committee says that McKinley has carried the state by 10,000; that the state ticket is elected too. A majority of the branches of the legislature go republican, insuring a United States senator to succeed Mr. Peffer who will be re-elected.

LOUISIANA.

New Orleans, La., Silver carries Fourth, Fifth and Sixth congressional districts by large majorities. Republicans charge fraud and will contest two city districts and probably others.

Hobart congratulates.

Canton, O., Nov. 3.—Garret A. Hobart wired Mayor McKinley "Majority in New Jersey 60,000, more later."

Payne's claims.

Chicago, Nov. 3.—Committeeman Payne claims for the republican ticket all the New England states, Maryland, Delaware, West Virginia, Ohio, Tennessee, North Carolina, Virginia, Indiana, Mich-

igan, Wisconsin, Minnesota, North Dakota, South Dakota, Iowa, Nebraska, Kansas, Wyoming, Oregon and California.

Mr. Payne sent the following late this afternoon: "Garret A. Hobart, Patterson, N. J.—The great central west vies with the east in showing its detestation of the doctrine enunciated at Chicago. All good citizens here are rejoicing at the overwhelming defeat."

No Name at Lincoln
Canton, O., Nov. 3.—At midnight all of the marching clubs of Canton headed by a firing squad from one of the militia companies and followed by 5000 yelling citizens with tin horns, drums and pistols descended like an invading army on Mayor McKinley's residence. Several volleys were fired and the noise from the shouting enthusiasts almost drowned the report of the rifle.

Hanna to McKinley.
Canton, O., Nov. 3.—Chairman Hanna wires the following from Cleveland: "The feeling here beggars description. The boys at the Union Club send love and congratulations heartily. I will not attempt bulletins. You are elected to the highest office of the land by a people who have always loved and trusted you."

O. W. Fairbanks, of Indianapolis, wires Major McKinley as follows: "Returns thus far indicate you have carried Indiana by 35,000."

Address THE EVENING REPUBLICAN, 135
 South Water street, Decatur, Illinois.

WEDNESDAY, NOVEMBER 4, 1896.

Go whiz! Who did it?

It was wholesale coercion.

There is no solid south in this election

Tillman may now concede if he wants to

Election bets can't be paid in 50 cent
 dollars.

By the way, in what respect is Bryan
 like Lincoln?

The American people got out of the
 "Post House" yesterday.

Bryan said, "This is a war of exter-
 mination." And so it was

As a result of the election wheat opened
 2 cents higher this morning.

The "crisis of '73" has been over-
 whelmed by the glory of 1896

Bryan was in the "enemy's country"
 long before he thought he had crossed the
 line.

It is the campaign of falsehood which
 has caused Jones of Arkansas to issue his
 late bulletins.

The advance agent of prosperity is still
 in the saddle and to this the American
 people say Amen!

The fellow with his job in his button-
 hole and his politics under his vest did
 not prove very numerous

The golden tail wagged the silver dog,
 and that's how the boys who had a Popo-
 cratic pointer lost their money.

Macon county is in the Seventeenth
 congressional district and it proposes to
 make it reliably Republican

In his Chicago convention speech, Bry-
 an predicted that free silver would carry
 every state in the union. Bryan is young
 yet.

The reason Altgeld ran ahead in Chicago
 is that most of those he pardoned out of
 the penitentiary crowded into that city.

If Mark Hanna bought them all there
 won't be enough left for a jury to convict
 him, and thus the \$250 reward will be
 saved.

The silver dog with the golden tail was
 taken down early yesterday morning.
 There was danger that the tail might wag
 the dog

"Bryan in 1900." That's a good way off
 and involves the notion that it is possible
 to tell where the Popocrat will be "at"
 in four years

Jones sends out "hopeful" circulars but
 then Jones is from Arkansas and didn't
 know a fair election when he met it in
 the middle of the road.

The American people have decided to
 open the mills instead of the mine, and
 close the silver clapper's mouth, all of
 which means prosperity.

The calf did not leave its mother and
 run away with the Popocratic steer and
 there will be no disappointment when din-
 ner time comes

All that is left of the Popocratic party
 is that "space" in the parade fill it for
 the working men who would fill it if they
 were not afraid of losing their jobs.

Bryan has managed to lose every state
 he campaigned in. Three days in Ne-
 braska would have put a different com-
 position on the returns from that state.

The sound money Democrats did the
 country as great a service yesterday as
 the patriotic Democrats did who left the
 party in 1864 and helped elect Lincoln.

This country will never try the experi-
 ment of raising the price of the silver of
 the world from 65 cents an ounce to \$1.29 an
 ounce by coining 50-cent discs known as
 dollars.

Prejudice is often a dangerous guide. It
 costs more effort to come to a conclusion
 through the channels of reason but it
 pays better for a man with the right of
 suffrage to follow reason.

Had it not been for the effective work
 of the "Little Giant," the "Cyclone" and
 the silver park orators, there is no telling
 what the Republican majority in Macon
 county might have been.

General Slicks said he did not propose
 to permit any Popocratic jackass to make
 a party platform for him. A million
 other Democrats subscribed to that propo-
 sition.

Those who followed the fortunes of the
 Popocratic party in the campaign ought
 to know better than anybody else how bad
 one can be fooled by allowing a mount-
 bank to prey upon his prejudices.

The people will be anxious to know
 whether Gov. Stone has sounded his
 trumpet calling the free silverites to arms
 as he threatened to do the day after the
 election in case of Billy Bryan's defeat.

The fellow who says he knew there
 would be a landslide but that no man
 could tell which way it would go, knows
 about as much about the American peo-
 ple as a Popocrat knows about a fair deal

There will be plenty of money in the
 country now. The vaults closed when
 Bryan's mouth was opened, and now that
 his mouth has been closed by the people
 the vaults will open. This business is
 automatic.

The revolutionary element of the Popo-
 cratic party is having hard luck making
 the people believe that if Lincoln were
 alive he would be the leader of the mob,
 and in harmony with Tillman, Bryan
 and Altgeld.

It was the silver dog with the golden
 tail that convinced so many that a cheap
 dollar would make everybody prosperous
 and rich. He did more to make the cam-
 paign of education a success than either
 the "Little Giant" or the "Cyclone."

The American people seem to have
 learned to know a fraud when they see it.
 They all got together, the quack Demo-
 crat, the quack Prohibitionist, the Popo-
 cratic and the free silver party, and the
 people did not do a thing to the combi-
 nation.

JOHN R. TANNER, ILLINOIS' NEXT GOVERNOR.

R. R. Bally, of Fairbury, was standing
 on a buggy cutting of some limbs from a
 tree. The horse attached to the vehicle
 started up, throwing Mr. Bally forward
 onto a sharp ax, cutting his face from the
 nose to the base of the ear. The jaw was
 so loosened that it was necessary to have
 a brace made to support it.

We suggest that the Popocrats try a
 campaign on a declaration that no gold
 shall be used for any other purpose than
 money. They could make the Silver
 Park solons believe that if this were done
 the people would have money and the
 plutocrat would be denied the right of
 having gold watches, gold jewelry and
 other productions of man's handiwork
 made in gold

Labor can produce no wealth unless
 conditions are so that somebody will em-
 ploy it. Those who employ labor when
 condition are right were unanimously
 opposed to the proposition to coin silver
 free at the ratio of 16 to 1, and yet Popo-
 cratic campaigners did their best to induce
 every man who had labor to sell to vote
 upon the employer of labor the very con-
 ditions he did not want. It is unneces-
 sary to state that these campaigners did
 not succeed in inducing all wage earners
 to vote against their own interests and in
 favor of less to eat in the family.

The Popocrat Campaign.

In many respects the past campaign
 was remarkable, but in no sense so re-
 markable as in the dangerous methods of
 the Popocrats. The revolution in France
 or the affair headed by Jack Cade in Eng-
 land produced no more dangerous inco-
 herencies than the Popocratic party pro-
 duced. If they have not succeeded in sowing
 the seeds of revolution to an extent that
 will sooner or later develop into riot and
 defiance of law as violent as the revolu-
 tions of France and England, it will be
 because the present generation is against
 the machinations of soulless and dan-
 gerous demagogues.

The resolutions of the convention at
 Chicago were all invitations to the anar-
 chist, the socialist, and the worst ele-
 ments to flock under the Popocratic ban-
 ner for the license upon the present order
 of society they so much desire. Every
 man who was in debt was invited to come
 into the Popocrat reservation if he wanted
 to pay his debts in 50 cent dollars and
 have the warrant of law to do it. The
 fossil who has still ringing in his veins
 the delirium that a state is supreme and
 the federal government is inferior to a
 state, in power, and helpless to assert
 authority in time of trouble was guaran-
 teed all the backing he wanted in the
 Popocrat party if he would come under
 its banner

The Popocratic campaigner went into
 the campaign preaching the doctrine of
 hate with the view of arraying class
 against class, not for the good of the
 country, but upon the principle of getting
 votes at any cost regardless of what the
 effect of their agitation might be upon
 any community. These campaigners,
 though they buy no labor, and take no
 interest in the welfare of the working
 man, except about election times, pre-
 sumed to tell the workmen that it was
 to their interest to rebel against the em-
 ployer, against the market where he sells
 his labor. To bring about such rebellion
 nothing was too base for these campaign-
 ers to stoop to, some of them even going
 so far as to advise workmen that they
 would be justifiable in taking property by
 force, teaching them they had vested rights
 in the savings of the more fortunate.

They taught the dangerous heresy that
 those who could command money were the
 enemies of prosperity and that they delight-
 ed in the prostration of business as it open-
 ed the greater opportunity to prey upon the
 weak, when the facts are that the business
 man and the man of capital like the work-
 ingman are all alike interested in prosper-
 ous times. They not only did this, but
 resorted to the most barefaced misrepresen-
 tation.

ALL OVER TOWN.

The Glad Justice is Now On—No Indica-
 tions of a Let Up

The Republicans are the people today
 and the Bryanites are backnumbers, with
 the rust of the rain of sound money fall-
 ing all over their glittering emblems, and
 the Review silver dog with its golden
 tail, which has all along been barking up
 the wrong tree, whither has it gone? No
 longer can it be seen in the Pop window.
 It has wagged itself out of sight. "Vale!"
 And while there is deep, almost impene-
 trable gloom in the Democratic camp to-
 day, there is joy galore on the Republi-
 can side. It began last night only, con-
 tinued until 2 a. m., and broke out again
 at daylight. All forenoon the parades
 have been abroad taking in the town at
 their own sweet will, cheering and shout-
 ing, wearing big golden badges and carry-
 ing banners and umbrellas. It has been
 a merry howdydo, and it's all right.
 The victory was great and decisive.
 Jubilant, golly, whoop 'er up. Every-
 thing goes.

And Bryan fell asleep.

PERSONAL MENTION.

William Bennett has gone to Union
 Hill, Ind., having been called to that
 city on account of the death of his
 father, Samuel Bennett.

A. N. Brock left yesterday for St.
 Louis where he will enter the Marion
 Simms Medical college. He is a mem-
 ber of the graduating class this year.

B. M. Dennis, Harry and Guy Conklin
 Ed Johnson and Will Post left this morn-
 ing for Spring Lake where they will
 spend two weeks fishing and hunting.

Theron, Frank and Chan Powers re-
 turned home yesterday from a hunting
 trip in the Honnepie district. They re-
 port that the hunting at the present
 time is not as good as it has been.

Death of a Child.
 Elizabeth, the daughter of Mr. and
 Mrs. William Robinson, died of croup
 yesterday evening at the family home
 three miles southeast of the city, aged 1
 year and 4 months.

The funeral was held at 4 o'clock this
 afternoon and the burial was at Mt
 Gilad cemetery.

To the Point.
 Sing a song of fifty cents, a pocket full of "rice."
 All the William "J" birds done up into "pl."
 When the polls were opened the boys "didn't
 do a thing."
 Was that not a dainty dish to serve the Silver
 King?

Take No Substitute.

LATEST NEWS!

Election Day Figures From All the States.

M'KINLEY WILL OCCUPY THE CHAIR.

Silver Chaps They See Signs of Doubt---Republican Majority in the Electoral College Placed at 274.

ILLINOIS.

Alton, Ill., Nov. 4.—This city gives Tamm 310 plurality, a Republican gain over 1892 of 412.

Jacksonville, Ill., Nov. 4.—This city gives McKinley a majority of 830, a Republican gain of 591.

Chicago, Nov. 4.—It is reasonably certain that McKinley is elected, but the majority is likely from indications at 11 a. m. to be narrow, much narrower than looked for as the result of earlier dispatches. The following states with a total of 235 electoral votes are conceded to McKinley: Connecticut, Illinois, Indiana, Iowa, Maine, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, West Virginia, Vermont and Wisconsin. The probabilities point with great certainty to Delaware, with three votes, as Republican, and furnishing more than the 234 required to constitute a majority in the electoral college. Three votes in North Dakota apparently belong to McKinley. The same may be said of the three votes of Oregon and the thirteen of Kentucky, but in all these returns are too inadequate to justify definite conclusions. The following states with a total of 135 electoral votes are conceded to Bryan: Alabama, Arkansas, Colorado, Florida, Georgia, Idaho, Louisiana, Mississippi, Missouri, Montana, Nevada, South Carolina, Tennessee, Texas, Utah and Virginia. Only the most meagre returns from California, with nine electoral votes, Kansas ten, Wyoming three, and Washington four. So neither party can claim these states. Nebraska, with eight votes is very close, with the probabilities strongly in favor of Bryan. North Carolina, with eleven votes, is claimed by both, but probably going for Bryan. The same is true in South Dakota, with four votes. The situation, therefore, may be reduced to this: Certain for McKinley, 235, almost certain for McKinley, 18; indications for McKinley, 25. Certain for Bryan, 135; probable for Bryan, 23 doubtful, 26.

Chicago, Nov. 4.—Payne, Republican headquarters, when shown Jones' estimate, said: "The result known last night and as then announced is substantially correct. Indiana, Minnesota and California are safely Republican."

Peoria, Nov. 4.—Graff, Republican, was elected to congress in the Fourteenth district.

OHIO.

Canton, Ohio, Nov. 4.—H. C. Payne telegraphs from Republican headquarters, Chicago: "The next United States senate will have a majority for 'Sound Money and Protection' and that Kansas, California and Oregon are for McKinley." Gov. Bradley telegraphs that McKinley carries Kentucky by 20,000.

Canton, Ohio, Nov. 4.—A dispatch from a trusted private source at Wilmington, Del., says the Democratic state chairman concedes the state to McKinley. McKinley showed no evidence of fatigue this morning. His face showed relaxation from the intense strain of yesterday, his whole bearing being that of a man from whom a great load had been removed.

Canton, Ohio, Nov. 4.—The fever of excitement into which Canton was plunged last night was revived early this morning. There is an uninterrupted din of screeching steam whistles, bands marching and counter-marching, uniformed and ununiformed clubs parading and artillery companies shaking the town with cannon salutes. The town people in a body are joining in an enthusiastic demonstration over the result of the election, about the house by 9 after a three hours' march the column was broken by the demonstrations around it. A curious crowd filled the sidewalks and streets about the McKinley home. Telegrams by the hundreds were delivered to huge bunches, mainly congratulatory. Word received from Oregon gave McKinley 7,000 majority, from Wisconsin that plurality will reach 100,000. In a general way the returns lead to the conviction among McKinley's associates that 259 electoral votes are assured beyond peradventure, and that 48 more are considered probably for McKinley, with 18 doubtful. The states regarded as certain are Connecticut, Illinois, Indiana, Iowa, Maine, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, New Jersey, New York, Oregon, Pennsylvania, Rhode Island, Vermont, West Virginia.

Columbus, Nov. 4.—It is now estimated the majority for McKinley will be

50,000 to 60,000. The Largest Republican plurality ever given a president in Ohio was 1,000 for Garfield. The Republicans concede three congressmen to the Democrats.

IOWA.

Clarinda, Iowa, Nov. 4.—Hepburne, Republican, is elected to congress in the Eighth district.

Des Moines, Nov. 4.—Indications are that Iowa will give McKinley 80,000 majority. Palmer will not get over 3,000 votes. All Republican congressmen are elected.

Dubuque, Nov. 4.—The city completely gives McKinley 200 majority, a Republican gain of 1400.

Des Moines, Nov. 4.—Chairman McFall of the Sixth district Democratic committee concedes the election of Lacey, Republican, to congress by 1500.

NEW YORK.

Albany, Nov. 4.—McKinley's plurality in this state promises to exceed 800,000.

New York, Nov. 4.—This city has broken its political record in presidential elections by giving a Republican plurality for president for the first time since 1832, except in 1848 when the free-soilers and Van Buren out down the Democratic vote to less than 35 per cent. The legislature is Republican and will elect a Republican successor to Hill.

New York, Nov. 4.—Money opened at 10 per cent and declined to 6; Sterling exchange lower.

New York, Nov. 4.—There are indications of the following congressional gains: Democrats—Delaware 1, Illinois 1, Missouri 8, New York 1, Total 11. The Democrats and Populists fusionists gained one in Colorado and one in Missouri. The Republicans gained three in Maryland. This gives the silver men a net gain of 10.

New York, Nov. 4.—The congressional delegation elected yesterday consists of 29 Republicans, 5 Democrats.

NEBRASKA.

Lincoln, Neb., Nov. 4.—The chairman of the Republican state committee concedes the state to Bryan. The Populists get four out of six congressmen and may get all. The Republicans have received returns from only 235 election precincts out of 1000. These give Republican plurality of 2450, but indicate a loss and do not show the large loss in Douglas and Lancaster counties, which contain Omaha and Lincoln. It is certain the state will give Bryan a handsome plurality.

Omaha, Nov. 4.—Bryan will probably carry the state by 1,000 plurality.

Omaha, Nov. 4.—The chairman of the state committee says he expects the largest Republican gains from the country districts, and that McKinley's plurality in the state will be from 2,000 to 3,000.

Lincoln, Neb., Nov. 4.—Bryan received a dispatch from Chairman Jones at Chicago saying he has all along counted on 150 southern votes and 68 from west of the Missouri river, which left seven to get. He counted on Indiana, Michigan and Minnesota. He conceded Maryland to McKinley.

CALIFORNIA.

San Francisco, Nov. 4.—California has joined the east in the landslide. Its majority for McKinley will exceed 5,000. Many counties have not yet reported, but the Populist ones, on which the fate of the election hinged, have all been heard from and they swell the Republican majority to a point where nothing can possibly disturb it. The legislature is safely Republican.

San Francisco, Nov. 4.—The indications are that the Republicans will have a majority in the next legislature which will elect a United States senator.

SOUTH DAKOTA.

Yankton, Nov. 4.—McKinley has carried the state by from 3,000 to 5,000. The legislature is probably Republican.

Yankton, Nov. 4.—One-third of the state vote is received which gives McKinley 1600 majority. The gain in the Bryan vote indicates so far that if continued will give him a majority.

MICHIGAN.

Detroit, Nov. 4.—Incomplete returns from 83 counties indicate that McKinley has carried the state by 40,000. Pingree for governor has an estimated plurality of 58,000.

OREGON.

Portland, Ore., Nov. 4.—It is estimated that McKinley has carried the state by 8,200 plurality.

IDAHO.

Boise, Nov. 4.—The state will give Bryan 10,000 majority.

TENNESSEE.

Nashville, Nov. 4.—Latest returns show Bryan has carried the state. Taylor is elected governor. Eight out of ten congressmen are Democrats. The legislature is Democratic by a good majority.

Nashville, Nov. 4.—Both parties claim the state. The probabilities are that Bryan will get a small plurality.

NORTH DAKOTA.

Fargo, Nov. 4.—McKinley will certainly carry the state. The legislature is three-quarters Republican.

WYOMING.

Cheyenne, Nov. 4.—Returns so far received indicate a plurality of 1300 for Bryan.

Cheyenne, Nov. 4.—The state is still in doubt.

KENTUCKY.

Louisville, Nov. 4.—The state seems safe for McKinley, although the result may be close. Taking an estimate of the missing counties made some ten days ago by the Democratic committee McKinley's majority of the missing vote would be 1235. This would give the state to McKinley by 1711.

Louisville, Nov. 4.—McKinley's majority will be 15,000. The gold standard Democrats will have a majority of the Kentucky congressional delegation.

Louisville, Nov. 4.—The Republicans will probably elect a Republican to the United States senate to succeed Blackburn.

TEXAS.

Austin, Texas, Nov. 4.—The latest returns indicate the state has gone for Bryan.

PENNSYLVANIA.

Philadelphia, Nov. 4.—It is estimated that McKinley's plurality in the state will be 200,000.

Philadelphia, Nov. 4.—The city completely gives McKinley 115,650 plurality.

WASHINGTON.

Tacoma, Nov. 4.—Bryan has apparently carried the state by less than 1,000.

MINNESOTA.

Minneapolis, Nov. 4.—Chairman Hybee claims the state for McKinley by 35,000.

Minneapolis, Nov. 4.—The state has gone Republican by 100,000. Legislature solid Republican. Also congressional delegation.

St. Paul, Nov. 4.—Indications are that the state will give McKinley 40,000 majority.

Minneapolis, Nov. 4.—Estimates on thirty-four counties give McKinley 13,405 plurality.

FLORIDA.

Jacksonville, Fla., Nov. 4.—Bryan carries Florida by 13,000 to 14,000.

INDIANA.

Indianapolis, Nov. 4.—The indications are that the state will give McKinley in the neighborhood of 40,000 majority.

Indianapolis, Nov. 4.—If the rate of Republican gain so far as received continues, McKinley will carry the state by over 30,000. Republicans will probably elect all the congressmen.

WEST VIRGINIA.

Wheeling, Nov. 4.—There is a strong probability that the state will go for McKinley.

Richmond, Nov. 4.—Bryan's majority will probably be 25,000. Democrats will elect eight out of ten congressmen.

Charleston, W. Va., Nov. 4.—There is nothing at Democratic headquarters by which a majority can be predicted for either party. The Democrats claim the state by 8,000, Republicans by 10,000 to 18,000.

Washington, Nov. 4.—The Star's Wheeling W. Va., special says: The indications are that McKinley has carried the state by 15,000. The Republicans have elected all the congressmen.

MISSOURI.

St. Louis, Nov. 4.—Returns from half the city indicate it will give the Republicans 15,000 plurality.

St. Louis, Nov. 4.—The Democratic state committee claims Bryan's plurality in the state will reach 60,000.

St. Louis, Nov. 4.—Bland was elected to congress in the Eighth district.

NORTH CAROLINA.

Raleigh, N. C., Nov. 4.—The indications are that Bryan will carry the state by 10,000.

UTAH.

Salt Lake, Nov. 4.—Bryan has carried the state by from 10,000 to 30,000.

ARKANSAS.

Little Rock, Nov. 4.—Bryan has carried this state by 20,000 to 30,000.

JOLLIFICATION.

Republican Clubs Will Parade and
Take in the Town.

COME, BOYS, WITH HORNS AND SHOUTS

Thursday Night—Get in Line Plenty
of Music and Tom Toms—

Line of March—No
Speaking.

Decatur Republicans will jollify in great style tomorrow night (if the weather is favorable) and the Young Men's Sound Money Club will have general supervision of the blow out. Every marching club in the city and every man, woman and kid who wishes to join in the hurrah will be welcome in the parade. All will report at the meeting place. It's no use trying to tell in advance how big a crowd will be in line, nor what will be shown in the parade. Turn out and then you will know all about it. If the weather is bad the parade will occur Friday night. The participating clubs will observe the following general orders:

The Formation.

Sound Money club form on North Main street, right resting on Prairie, column extending north.

Traveling Men's club form on same street in rear of Sound Money club.

McKinley Marching clubs, in city form on William street, right resting on North Main, extending east.

Union Veterans' club form on William street, right resting on North Main, column extending west.

Hill Star Tannery club form in rear of Union Veterans club.

All visiting clubs form on Prairie avenue, right resting on North Main, column extending east.

Railway Men's Sound Money club form on North Main, right resting on Prairie, column extending south.

Paraders on horse form on Church street, right resting on Prairie, column extending north.

Line of March.

Column will move promptly at 8 o'clock, moving from corner of North Main and Prairie, West to Pine, south to West Wood, west to Green, south to West Main, east to Monroe, south to Denver, east to South Union, north to Main, east to College, north to West Main, east to Lincoln square, south on Main to Wood, north to Central park Sound Money Club.

All members of the Young Men's Sound Money club are requested to meet to a man promptly at the corner of North Main and Prairie avenue Thursday evening, Nov. 5, at 7 30 o'clock, to participate in the jollification parade. W. H. Elwood, Captain.

How the Senate Will Stand.

Washington, Nov. 4.—Returns indicate the senate will probably stand as follows: Republicans 42, Democrats 32, independents and Populists 11, doubtful 5. On the currency question the senate will undoubtedly give an anti-silver majority. The doubtful states are Delaware, Kansas, Kentucky, North Carolina and South Dakota. The Republicans will need 46 with the vice-president to control the senate. The Republican senators who bolted the St. Louis convention are classed as independent. They are Teller, Dingle, Mantel, Cannon and the other Utah senator to succeed Brown, who will undoubtedly be independent.

ALABAMA.

Birmingham, Ala., Nov. 4.—Bryan's majority is probably much more than 25,000.

Wilmington, Del., Nov. 4.—Returns incomplete, and not in detail, but enough to know accurately of the state result to say that McKinley carries the state by 1500 to 1800. May lose one elector, whose name was missing from the ballot.

London, Nov. 4.—(Copyrighted by Associated Press)—The election of McKinley had a marked effect on American securities. Business opened with a rush to buy. Advances of \$2 to \$6 resulted.

Washington, Nov. 4.—Chairman Hubcock has reports showing 177 Republicans already elected to the House and partial reports indicate the total number of Republicans will be 230.

Hartford, Nov. 4.—With one town lacking the state gives McKinley 54,500 majority. The Legislature is solidly Republican.

New Orleans, Nov. 4.—Bryan's majority may exceed 30,000. Congressmen are all Democrats.

Portland, Ore., Nov. 4.—Probabilities now favor Bryan in this state.

Great Falls, Mont., Nov. 4.—Montreux returns indicate that Bryan's majority will be 15,000.

The fair at Champaign by the ladies of St. Peter's Evangelical church realized \$1000.

Langdon Bros., of Peoria, reported to the police that a quantity of dressed poultry had been stolen from them. The fowls were afterward found in the ice box where they had been placed and forgotten. Cigars were set up to the police.

THE GLAD NEWS.

Returns Received With Wild En-
thusiasm at Republican
Headquarters.

IT WAS HOORAY, HURRAH ALL NIGHT

Figures by Wire and Telephone at the
Tabernacle—At the Grand and
Newspaper Offices—Jolli-
fication Parade.

Some months ago the Republican stated that there was nobody for McKinley but the people. The truth of that declaration was demonstrated last night by the glad news which came from all parts of the country where patriotism and loyalty help keep the old flag aloft. The people have spoken. They are all right. The country is all right. Macdon county is all right, and there are no "NITS" on any of us. We just grabbed the whole thing, and "Old Glory" floats proudly over the land grandly redeemed from the clutches of repudiation and anarchy.

News at Republican Headquarters
Republican Headquarters for the report of speedy and reliable election news, read from messages as they came over the Postal wires and long distance telephone was at the tabernacle. The great hall was crowded until after 12 o'clock, and it was hip hurrah for McKinley, Tanner and the whole shooting match. It was a jubilee from the start, and everything went, especially the Popocrats who got enough early in the engagement and went home to recover as best they could. There was no joy for them. Gold standard Democrats joined in the bubbling jubilation of the Republicans. They felt at home at the tab and they remained until the finish. Alexander McIntosh made the announcements, reading the telegrams clearly, and making comments which added increased interest to the Republican love feast. The members of the county central committee, many of the party workers who had been on the stump throughout the campaign, besides the rank and file of the club organizations were at the tabernacle. Many couldn't get away because the news so good came in so rapidly, and everybody was happy. Hundreds of ladies were present and those in the crowd who were hungry were fed by the ladies society of the Christian church. By 12 o'clock it was learned that Macdon county had gone over 1500 Republican and that Major McKinley would have something like 800 votes in the electoral college—75 more than a majority—and then everybody was ready to quit and the glorious entertainment was over.

At the Grand.
There was a real lively time at the Grand opens house until after 1 o'clock. By big odds it was the most "interesting performance of the season" as was fully attested by the whooping cheers of delight which did not always come from the gallery for that section of the house seemed to be the roost for the Popocrats who did their best to keep out of sight. There was a Western Union silver operator in one of the dressing rooms, also a long distance telephone, and news came steadily. Mr. Bookwith, Attorney McDonald and McKinley read the returns, and when there was a rest Will L. Smith made his stereoscopic display bows on the canvas. The "Daily Republican" card was cheered to the echo. The house was crowded all evening and Manager Given was pleased because he had plenty of evidence that he was giving a good, popular show.

Election returns were also received at the Decatur club rooms, at Ben Taylor's club boudoir, at the Central house, at Quilon and Seoforth's cigar store, and at various points, while the telephone companies were active in spreading the glad tidings.

At the morning newspaper offices the bulletins were shown on canvas by stereoscopic instruments, and big crowds stood in the streets for hours to read the news.

Jubilee.
Soon after 11 o'clock the young men got in line and then the fun began. They had a few torches, some golden umbrellas, two drums, a lot of horns and flags. They took in the town, shouting for McKinley, Tanner and Connolly. W. H. Darr had a bonfire in front of the Tea store and there was a great hurrah there for nearly an hour.

And the Popocrats! Where were they? They were out but they were keeping still. That was all they had to do except when they heard from Arkansas and Mississippi. Over at the Review office there was a political funeral all night. This

morning there was a mournful gang on hand at that office to hold the inquest. All of the free silver pictures were out of the windows, and for all anybody might suppose the place might have been taken for a morgue.

All on a Jamboree.
The jubilation jamboree among enthusiastic Republicans—and are all lively and full of gloe—continues today. Sound money ribbons and badges are worn with pride and satisfaction and the McKinley boys are the people. It has been impossible to do business in the Republican sanctuaries, owing to the surging crowds and the shouts of victory, and the editorial corps early in the day adjourned to a rear room where they could tabulate the election figures and get matter ready to tell the glorious story of Republican victory.

CHURCH DIVISION.

Early Settlement of the Christian Dis-
ciples' Difficulties.

While the election was going on yesterday there were busy times among the leaders of the opposing factions in the Christian church. There were three or four conference meetings and the members of the lady societies gathered at the tab. One side thought the piano was to be sold, but the Hall leaders turned out to the number of 125 and conducted affairs to suit themselves.

It is understood that the Hall faction in the proposed division will retain the tabernacle property, and that the other side will take the old church property on Edward street, with all that goes with it. There is an understanding on that part of the church property.

One of the friends of Mr. Hall said last night that all details of the division, which have been practically agreed upon, will be made public officially in a few days.

Foy in "Off the Earth."

The attraction at the Grand next Thursday evening, November 5, will be the engagement of Eddie Foy in John D. Gilford's burlesque operatic extravaganza, "Off the Earth." It is called operatic but only by dramatic license, for its elements embrace farce, comedy, burlesque and elaborate scenery. Its first production is said to have cost its managers but little less than \$50,000. Every thing was executed on an extravagant scale. Gates and Morango painted the scenery. There are five elaborate scenes. An especially clever effect is the representation of a mighty forest of phosphorescent fungi. The terrestrial vegetation is replaced by immense rushes, ferns, and other tropical plants. Another scene is a representation of the interior of a palace on the moon, in which the idea of night is carried out by the use of such characteristic objects as crescents, stars, poppies and other accompaniments of darkness. The other scenes represent a modern bazaar, "Cloudland" and "The Gates of the Moon by Earthlight." Equally elaborate are the costumes which were designed by Miss Fisher of London.

Of Interest to Teachers.

State Superintendent of Instruction Ingalls has just issued a circular letter calling for examinations to be held in the following places August 3, 4, 5 and 6, 1897: Chicago, Dixon, Peoria, Springfield, Urbana, Effingham and Carbondale, for teachers' five year and life certificates. The superintendent has greatly enlarged the course of study described for the coming annual examinations and generally revised the examinations which will make the coming examination one of the most rigid ever held in the state.

Ohio Veterans in Illinois.

The annual state meeting of the Illinois Association of Ohio Soldiers will occur in Champaign November 18 and 19. Headquarters will be at the Beardsley hotel. This association is composed of old soldiers who enlisted in Ohio but are now residents of Illinois. Every year it meets in some city in the state and the members spend a couple of days recalling the events of the war and their old homes in Ohio. W. S. Maxwell, of Champaign, is president of the association.

A High-Class Locomotive.

The latest new engines recently purchased by the Illinois Central for the fast mail and the New Orleans limited. They have 6 foot 4-inch drivers and can run 80 miles an hour. It is said to be the intention to cut down the time of those trains between Chicago and Centralia (259 miles), which is now 5 hours and 15 minutes.

Deafened by Lightning.

A surgeon has just recorded a case of a man, aged 46, who had the receiver of a telephone in his ear when a flash of lightning appeared, and the patient fell insensible. On reaching consciousness, in about four minutes, it was found that the drum of the left ear was almost totally destroyed and the loss of the hearing was complete.

ASSAULT UPON BRECKINRIDGE.

Ex-Congressman Draws His Revolver
Upon Jeering Silverites.

Lexington, Ky., Nov. 4.—One of the
most sensational happenings of the day
occurred in Lexington when Col. Breckin-
ridge drove up to one of the polling
places in a buggy in company with a
young man, who got out and went in to
make some inquiries about the poll. Just
then a party of silverite hoodlums began
jeering at Breckinridge, and cries of
"Drive on that horse, look at the politi-
cal corpse," and other offensive cries
came thick and fast. At this juncture
Pat Farnsworth, editor of the silver organ
here, came up, and, it is said, joined in
the jeering. Breckinridge pointed at
Farnsworth and exclaimed: "That man
solemnly promised to support me." Farnsworth
replied that the statement was untrue, and
Col. Breckinridge told him he was a liar. Farnsworth and other
silverites started toward the Colonel, and
Farnsworth struck at him while he was
in the buggy. The Colonel stood up in
the vehicle and drew his pistol, but friends
rushed in and prevented what would
certainly have been a tragedy, for if Col.
Breckinridge had presented the weapon
the silverites would have shot him to
pieces.

Jones Tells His Views.

Chicago, Nov. 3.—At democratic head-
quarters the bulletins were eagerly watched.
In Senator Jones' room were gathered with
the chairman, Committee Chairman Campau
of Michigan and Johnson of Kansas, Sec-
retary Walsh, Senators Teller and Tillman,
Congressman Hartman of Montana and others.

The early bulletins were unfavorable from
a democratic point of view, but Chairman
Jones declared that this was expected and
therefore not at all discouraging. The an-
nouncement that Iowa was claimed for the
republicans by 50,000 plurality was accom-
panied by the statement that the demo-
cratic chairman of that state claimed it
for his party.

Chairman Jones shortly before midnight
gave out the following:

"We have received no unfavorable reports
from any state we have claimed, except
Kentucky. We can afford to lose Kentucky
and still have enough votes to win."

"There is no foundation for the claims
of the republicans. There is at this time
no reason to think that any one of the

states claimed by me for Mr. Bryan has
failed to vote for him. While misleading
reports are being sent in all directions,
private advices assure us that each one of
those states has gone for Mr. Bryan. For
two hours the most extravagant claims as
to Kentucky and Indiana have been tele-
graphed all over the country, while within
the past few minutes our committee assure
us that both states are safe for us. Mr.
Bryan is certainly elected."

The democratic national committee also
claims California by 25,000 plurality, Ne-
braska, Michigan, Kentucky and Oregon.
The reply reports it was stated, were expected
to show adverse majorities. From Ohio the
committee reports the receipt of favorable
reports from Toledo and Cleveland, but
not so encouraging from Cincinnati. The
committee does not expect full reports from
the doubtful states for two or three days.

Pistol Duel at Philadelphia.

Philadelphia, Nov. 4.—The first blood-
shed of the day was reported from the
Fifth ward, where Charles Johnson and
Gus Glasgow became involved in a quar-
rel over politics, which ended by each
drawing revolvers and firing at each
other. Johnson had one finger shot away
and Glasgow received a bullet in the
groin. Glasgow was removed to a hospi-
tal, where the physicians say he is in
danger of dying. Johnson was locked up.

Bryan Shooters Fired Upon.

Middletown, N. Y., Nov. 4.—A crowd
of young men were cheering for Bryan in
this city when John Jackson, colored,
who was drunk, pulled a pistol and shot
at them three times. They chased him
into a house. He fired from the house
and shot Thomas Wood in the forehead,
seriously injuring him. Court police
chased Jackson, who shot at the police.
Jackson was arrested.

A MAN DROWNED.

William Ditzler Met His Death in
the Sangamon River.

HE DISAPPEARED LAST NIGHT.

Search Made This Morning and the
Body was Found Near the Boat
Landing at Riverside
Park.

William Ditzler, a young man well
known in this city, was drowned in the
Sangamon river yesterday afternoon.
The body was recovered this morning
about a block from the boat landing at
Riverside park. The man had been fish-
ing at the river and it is supposed that he
accidentally fell into the water. Shortly
after noon yesterday Ditzler left his
home and started to the river expecting
to pass the afternoon fishing. He said
he would be near the boat landing at the
park and would be home about 4 o'clock.
His mother, with who Ditzler made his
home on West Decatur street, became
anxious when her son did not appear at
supper time. He was a man who was
always prompt and his absence caused the
family considerable worry. It was sup-
posed, however, that he was somewhere
about the city listening to the election
returns.

This morning R. Rambo, the father-
in-law of the deceased, learned that he
had not yet come home and at once sus-
pected that something was wrong. He
went and searched along the river bank
just east of the boat landing. A bottle of
bait and a fishing line were found. Near
by was seen a fishing pole to which was
attached a line. When this was pulled
in it was found that Ditzler's body was
at the other end. Coroner Bendure was
notified of the drowning. Roy Bendure,
the coroner's son, was one of the first to
reach the spot and he took the body from
the water. In the right hand of the corpse
was the fishing line, hook and cork, as
though the man was ready to cast his
line and had fallen into the water. This
is believed to be the case, as Ditzler has
been troubled with his eyes for some time,
in fact had almost lost the sight of one,
so that it is probable that he stepped too
far into the water. The position of the
body would indicate that death had been
accidental. Coroner Bendure had the
body taken at once to Baullard's under-
taking rooms.

Ditzler was a man about 35 years old.
He leaves a mother and two sisters, Mrs.
Ella Mendenhall and Miss Bertie Ditzler.
He was a widower, his wife, who was a
daughter of R. Rambo, having died about
two years ago. Ditzler was a quiet, sober
and industrious man but on account of
his failing eyesight he has not been able
to work lately. He was employed for
sixteen years at the furniture factory and
has the reputation of being an excellent
workman and an honest man.

A search would have been made for the
man last night but it was supposed that
he would make his appearance every hour.
He was drowned some time before 7.30
o'clock as the watch which was found on
his person had stopped at that hour. The
place where Ditzler was drowned is only
a short distance from the boat landing,
but at this time of year very few persons
go to the park.

THE CONNOLLY VOTE.

The Major Re-elected by from 1000 to
1200.

The unofficial figures from all counties
in the seventeenth congressional district
indicate that Major Connolly has defeated
Caldwell, Democrat, by from 1000 to 1300.
Macon county gave the Major 1450 plu-

rality, Sangamon 600, Logan 200, and
Caldwell got Menard by 420, Christian
by less than 600. Considering the fusion
trick resorted to by the Popocrats the
Major has achieved a great victory, and
many of the local Popocrats who gam-
bled on Caldwell's alleged lead-pipe
cinch for place have the dumps and less
long green today.

Vote by Counties.

The best results obtainable up to 2
o'clock this afternoon as to the pluralities
on president and congressman in the sev-
enteenth congressional district are as follows:

KENTUCKY CLOSE.

The Official Vote May Be Necessary
to Determine the Result.

Louisville, Ky., Nov. 3.—With
whole counties, Leslie and Knott, and
teen scattering precincts missing, Bry-
has a plurality of 218 in the state. I
probably the official count will be ne-
cessary to decide the result. Leslie is
publican and gave Bradley 714 major-
ity. Knott is Democratic and gave Han-
dover over Bradley last year 398 ma-
jority. The remaining precincts are dis-
tributed about even among Democratic and
publican counties. Chairman Rob-
ert claims the state for McKinley by
thousand. Chairman Sommers claims
for Bryan but gives no figures.

Claims to have returns from all the
precincts. The congressional elec-
tion stands four Republicans to se-

Democratic.

Republicans Sure of Kentucky.

Louisville, Nov. 3.—This afternoon
the strength of additional returns of
the Eleventh district, Chairman Rob-
ert of the Republican committee, claims
state for McKinley, by over 2000. De-
mocratic Chairman Sommers still claims
state but gives no figures. The Even-
ing says: "With only nine pre-
cincts missing, six of which are in Repub-

cincts estimated very conservatively.
